TIPS FOR GRADS

Tips Every New Grad Should Know

Whether you're a recent graduate, starting a new job, or simply entering a new phase of life, managing money well is one of the best ways to build confidence and stability. We're here to make that easier for you.

1. Create a Budget

Keep track of what you earn and spend. A budget helps you stay in control and make decisions you feel good about. Our mobile tools can help you get set up fast.

2. Build an Emergency Fund

Unexpected expenses are part of life. Aim to set aside at least \$500 to cover surprises like car repairs or medical bills.

3. Start Building Credit

A solid credit history opens doors. Ask about our starter credit cards or credit builder loans designed to help you build credit the smart way.
